# WHY PLAY GOLF?

To help fulfill our mission of loving people to life. You to be the best representative of this mission to those you know best. It is an important influence only you have. An event like this gives you the opportunity to raise funds, awareness, and demonstrate your passion for life among your sphere of influence.

The goal of the event is 30 golfers, \$100,000 in sponsorship, and personal conversations with over 2,000 friends. Think of the life-giving impact that 30 golfers could have! Come love people to life one tee shot at a time!
